O.G.

Our play on the classic taco-style ground beef. Lean Angus beef seasoned with our secret blend of spices and peppers for a rich, fiery flavor. 

MOJITO

Developed from a family recipe, this Cuban dish brings a light, fresh feel to the burrito world. First, we marinate pulled chicken breast in a mix of garlic, onions, herbs and citrus juices. Then we slowly cook the chicken to infuse the flavors. Tender, flavorful, and packed with protein.

CARNE ASADA

A true Latin American recipe. Our steak is marinated in our secret "asada sauce" for 24 hours, then grilled.

RIB

Our baby back ribs are rubbed with a 15-spice homemade dry rub. After marinating for 2 days, we braise them in a bed of juice blends for 7 hours. The meat is then pulled and re-basted with a reduction sauce made from the juices. Deep, long lasting flavors. Slightly sweet, with a mild kick.

VEGGIE

Freshly sautéed green and red bell peppers, yellow squash, cremini and portabella mushrooms and tofu rolled with cheese, pico de Gallo, and fresh baby spinach. Fresh, healthy, and satisfyingly filling.

SHRIMP

Caribbean meets Latin meets Washington DC. Our shrimp is marinated in a wet-dry marinade that screams "vacation getaway".

FISH

Fresh tilapia filets are seasoned with a homemade Caribbean-inspired dry rub that brings out the flavor and feel of the islands. We lightly pan fry the fish leaving them flaky and perfectly crispy.

AM

Forget the potatoes. This breakfast burrito consists of seasoned scrambled eggs, pasta shells, fresh pico de Gallo, and cheese. Unlike any early morning burrito, we take this one to the next level. Add any of our meats to this burrito for an energy packed start to your day.
